

## Kingfishers Class Newsletter 3<sup>rd</sup> December 2021

**Love • Kindness • Self-Belief • Aspiration**

### What have we learned this week?

In Maths, we have been continuing our learning about subtraction, developing this into learning about the different and progressing our skills in writing fact families.

In English, we've begun a new core text 'The Noisy Paint Box', and inspired by the story and the artwork of Kandinsky we have been expanding our vocabulary for colours and sounds.

In Phonics, we have been revising our new Phase 5 sounds and exploring how the code of phonics connects together.

In Learning Mission, we've continued learning about how we can create music using technology.

### Stars of the week

Isaac – for his superb listening skills and enthusiasm in all lessons.

Lexi – for always working hard in all her learning.

### A Thought for this Week

"What do you want to be  
when you grow up?"

"Kind" said the boy

### Home Learning Challenge

We've been talking lots about books over the last two weeks and practising our prediction skills. When you read at home can have a go at guessing what might happen next!

### Reminders

Children have all brought home a letter about their part in the school nativity, please ensure all costumes are provided in named bags next week.

Please can children bring reading books and records into school every day.

A number of children are still regularly bringing toys and other items from home into school. As these risk getting lost or broken, please do try to help us keep these at home to prevent any upset.

### School Dates

6th & 8th Dec - Parent consultation evenings

7th Dec - Messy Christingle

9<sup>th</sup> Dec - Feel the Beat landing – panto

visit 10th Dec - Christmas Jumper Day & Christmas Lunch
